

## Follow up to survey Ministry Interview Script & Survey

My name is \_\_\_\_\_ and I'm part of the **Every Disciple Growing Externally (EDGE)** Advisory Team at NTBC. You completed a survey several months ago and I'd like to chat with you briefly about it. Is now a good time?

1. How long have you been with NTBC?
2. Can you tell me a little about yourself? Family? Kids? Work?
3. Do you currently serve in any capacity at NTBC or have you in the past?
4. Do you have any questions about EDGE before we discuss some of your passions or skills you listed?
5. Review skills from their profile with them and then ask: What do you have a special heart or passion for? What would you stay up all night doing? If you were trained/ equipped what would you love to do with the Church?
6. Has your availability changed at all (see profile sheet)? If so, how?
7. Are there any particular age groups you prefer to work with?  
 Children       Teenagers       Young Adults       Adults       Seniors
